RE: **Academy Online Ad**

EWI continues to offer its Academy Online suite of 15 leadership courses. Graduates of the program (who become Certified Professional Leaders) have given high praise to the benefits of this course in growing their leadership tool kit.

There are only about 15 slots left so to help you “keep the word out” in your chapters about this unique learning opportunity, we have attached an Academy Online Ad (in two versions) that can be easily placed in your chapter *PULSE* or on your chapter’s website.

Contact Suzette Smith in the Corporate Office if you have any concerns or questions about the ads: 801.232.9106.
